| 5 pm |  |
| 6 pm |  |

Section I: (7 marks)
Read the passage carefully.

Last Sunday, Kathy and her grandfather went for breakfast. Along the way, they stopped at a stall selling toys at the market. Kathy looked for the blue furry teddy bear. She was glad that it was still on the shelf.

"In another week, I'll have enough money to buy it," she whispered to herself. Then, they left the shop.

They also visited the library. Kathy chose a book while her grandfather read the newspaper.

At last, they were at the coffee shop. Kathy's grandfather bought some toast and a glass of milk for her. Then he met some old friends. They talked happily while Kathy read the book that she had borrowed.

On the way home, they bought some porridge for her grandmother from the hawker centre. Kathy hoped to come again next week.

Choose the most suitable answer and put a tick ( $\sqrt{\ }$ ) in the box provided. (3 x 1 mark)

49. Kathy and her grandfather went to the \_\_\_\_\_\_ for breakfast.
