One day, an old bamboo cutter called Taketori came across a shining stalk of bamboo in the forest. Curious, he decided to cut it open. To his delight, he found a baby girl in the bamboo plant.

Taketori took the baby girl home. He and his wife took very good care of the baby. They called her Kaguya. Soon, Kaguya grew up to be a beautiful young woman. News about her beauty spread across the country. 5

When Kaguya turned twenty years old, many princes came to Taketori's house to ask for Kaguya's hand in marriage. However, Kaguya had no desire to marry anyone, so she gave them a very difficult task: to bring her the crystal stone from the Red Dragon's chest. The princes fought very hard with the dragon but they could not get the crystal stone. 10

That summer, whenever Kaguya looked at the moon, her eyes were filled with tears. Her parents questioned her strange behaviour. Kaguya revealed to them that she was not part of this world and had to return to her home on the moon. At the same time, she did not want to leave because she loved her parents very much. One day, as she was working in the fields with her parents, a friend walked past her. 5

“Oh! I didn’t know you were a farmer,” she said.

“I am not a farmer. I am just helping this old couple out,” replied Mindy.
